

NSA Official Notices Friday, May 5, 2023

Revision of Willowdale Condition Book Change

The apprentice rider hurdle (#64) and the apprentice rider timber (#69) races at Willowdale **will be** restricted to apprentice riders as originally advertised. However, the Race Committee reserves the right to allow amateur riders if there is an insufficient number of apprentice riders available.

Stewards Advisory Committee Notice

Having received several inquiries involving use of the whip at Camden, Middleburg, and Foxfield, the Stewards Advisory Committee has taken those inquiries under advisement and will conduct a hearing next week.

In the future, all inquiries regarding a race must be lodged no later than noon on the following Wednesday. The Stewards Advisory Committee regularly reviews all issues pertaining to the previous week's racing on Wednesday.

Through this process, the Stewards Advisory Committee is able to identify and track trends, be it with horses, jockeys, issues at the scales, the barn, demeanor and behavior of participants and issues of safety related to NSA racing. A principal objective of this meeting is to help ensure consistency from week to week.
