The Blue Ridge Hunt PtP hosted two NSA Amateur or Apprentice Rider races. One hurdle and one timber.

2nd Race: Amateur or Apprentice Rider Hurdle, 2 miles. 4 starters. Uneventful.

4th Race: Amateur or Apprentice Rider Timber, 3 miles. 7 starters.
Rocket Star Red, program number 7 was randomly selected for pre-race testing. The start was delayed for 4 minutes, as a crucial beacon had blown down and the Stewards insisted it be properly replaced before starting. Rocket Star Red, trained by Mark Beecher and ridden by Brett Owings, pulled up tired, 4 out. Pleasecallmeback, trained by William Meister and ridden by Virginia Korrell, pulled up tired, 3 out. The rest uneventful.

The course at Woodley continues to be diligently improved and remarked favorably upon by horsemen and officials. A good solid day of Spring racing.
