Summer Racing Conditions

The 2024 Major Track Steeplechase conditions are now available and attached below.

My Lady's Manor Vet Check Time Change

The mandatory pre-race vet check by Dr. Liz Patternotte and Dr. Ashley Buerkley in the stable area is now between 9:00 a.m. and 11:00 a.m.

Updated Rider Medical Protocol

We are making a couple of changes to the medical program and want to make you all aware. The first is simple, if your horse falls, you will have to get both the medical evaluation and the concussion evaluation. Currently, we leave the concussion evaluation up to the discretion of the doctor covering based on your fall, symptoms and answers to questions. Those that have had the concussion evaluation will notice that it does not take very long, and as long as you clear it, it will not keep you from getting to your next mount.

The second change is because of some concerns after falls and back pain. Over the past 2 years we have had multiple riders who have fallen, complain of back pain, have been cleared to ride and then turn out to have spinal fractures. Fortunately these riders have reached out and gotten evaluated prior to racing again, and therefore have avoided potential serious injury. Moving forward, if you complain of back pain, or have any tenderness over your spine when the doctor evaluates you, you will be stood down for the remainder of that day and required to have x-rays prior to racing again. Please do not take this as a form of punishment, but as concern on our part for your well being. Head and spinal injuries are the two things that can have life altering consequences, and are not worth risking.

We ask that you please be honest with the doc at the races about both head and back injuries/pain. I am always here to help you post injury to get further evaluation and treatment. Please put my cell number in your phones, and text or call at anytime with questions or concerns 410-925-8798.
