### Official Actions:

First Race: ROYAL RUSE was randomly selected for pre-race TCO2 testing.

Second Race: HAJAJAY was pulled up after the 5th fence by Zach Miller. Miller stated that his horse was not traveling well over the ground. TO BE OR NOT TO BE fell with Teddy Davies at the 8th fence. Davies was cleared by the course physician.

Third Race: BE COUNTED was pulled up by Elizabeth Scully after the 13th fence (tired). THE BUTLER YATES ducked inside a beacon on the turn approaching the stretch and was pulled up. JUNONIA lost rider Virginia Korrell at the 15th fence. Korrell was cleared by the course physician. After the race Freddie Procter, the rider on THE BUTLER YATES claimed foul against Virginia Korrell on JUNONIA. Procter stated that Korrell had forced his horse off course by crowding him at the beacon where he went off course. Since neither horse finished the race, this claim had no effect on the order of finish. After interviewing both riders and reviewing the rather inconclusive video, the Stewards took no further action.

Fourth Race: Freddie Procter replaced Teddy Davies on WAGNER.

Fifth Race: OUR LEGEND pulled up after the 13th fence (tired).

### Official Comments:

The course was in beautiful shape and the racing was excellent. This race meet is commended for having one of the most comprehensive emergency medical protocols and largest number of emergency medical personnel of any meet on the circuit.
