Nominations and Entries

All nominations and entries for races described in this condition book are to be made at the prescribed times with the National Steeplechase Association (“NSA”) in accordance with its Rules of Racing (the “Rules”), which can be found on the NSA website, www.nationalsteeplechase.com. Copies of the current Rules may also be obtained from the NSA.

Racing Authority

The race meeting at Virginia Gold Cup will be conducted in accordance with the rules of the Virginia Racing Commission, and the race meeting at Fair Hill will be conducted in accordance with the rules of the Maryland Racing Commission. All horsemen are urged to be familiar with the applicable Commission rules. All other races contained in this condition book will be conducted under NSA rules.

Every person entering a horse in a race to be run under the rules of the respective state Racing Commission, or the National Steeplechase Association, accepts the decision of the respective racing authority, the Directors of the National Steeplechase Association, or the Stewards of the meeting, as the case may be, on any question relating to a race or to racing.

Overnights and Official Notices

Overnights containing entries and other pertinent information for a race meeting are generally published Monday afternoon for race meetings occurring the following weekend. Horsemen are encouraged to examine such overnights carefully for errors, delayed closings and other information applicable to a particular race meeting. Any questions or concerns should be immediately brought to the attention of Bill Gallo, Director of Racing. Official Notices are published weekly during each racing season. They contain information concerning substitute races, course conditions (based upon inspections and quantified levels of moisture and compaction) for upcoming race meets, rule changes and other official determinations. Horsemen are urged to consult these Official Notices regularly for information that may impact the races described in this condition book.

Rider Fees

In the absence of a specified contract, the fee to a rider in a steeplechase race shall be as follows: \$200, or 10% of the money earned in all places (whichever is greater). The fee to a rider in a training flat race shall be \$100. In flat races with purses, the fee to a rider shall be as follows: \$100, or 10% of the money earned in all places (whichever is greater).

Rider Licensing Requirements/Insurance Coverage

A rider is required to have and maintain health insurance as a condition of licensure, and must provide evidence thereof at the time of application for a license. In addition, all riders are required to take a baseline IMPACT test. An accident medical insurance policy (underwritten by Zurich North America) covers all licensed NSA riders participating in NSA sanctioned races. Please note that the policy provides “excess” coverage, which means it does not provide any reimbursement for medical expenses that are payable under any other insurance available to the claimant. This policy does not include the races at Fair Hill, MD, or the major racetracks that host steeplechasing.

Rider Allowances

In all steeplechase races, except handicaps and stakes races, riders who have never won a race are allowed ten (10) pounds; riders who have not won five (5) races are allowed seven (7) pounds; riders who have not won fifteen (15) races are allowed five (5) pounds. Once a rider wins fifteen (15) races, he/she is no longer eligible for an allowance. These apprentice allowances may be claimed up to one (1) hour prior to post-time for the first race.

Policies

In addition to the provisions of NSA Rules, horsemen are advised of the following policies and useful information:

Entry Fees

Entry fees equivalent to 3% of the purse will be deducted from earnings of the first five finishers in all NSA sanctioned races. Those fees will be scaled at 1% to enter, 1% if not scratched on time Tuesday, and 1% to start. All fees will be waived for horses that run and do not earn a portion of the purse.

Training Flat Races

All training flat races run under NSA rules are sanctioned by the NSA, and, as such, all rules apply, including the rules on forbidden substances. However, these races do not count toward a horse's official record.

Lasix

Trainers are reminded to have a stable assistant on hand with a horse receiving Lasix at the time of administration. If such horse is left unattended, the horse may be scratched by the Stewards and the trainer may be subject to a fine.

A horse that is entered on Lasix and does not receive Lasix will not be permitted to run, unless it is determined by the Stewards that there were extenuating circumstances that led to the inability to administer the medication in a timely manner, and the trainer of the horse chooses to run the horse without Lasix. Under these conditions, the trainer assumes all risk as it relates to the health and condition of the horse during or immediately following the race.

Horse Identification

All horses running under NSA rules must either be tattooed or microchipped, per The Jockey Club standards.

Pre-Race Testing

The Stewards may randomly select horses for pre-race testing. Those selected must report to a specified stall prior to leaving for the paddock. Failure to submit to this test will result in an automatic scratch.

Adjusted Weights

In all allowance and open hurdle races (including stakes) at NSA race meets, weights will be adjusted upward when a high-weight (by allowance condition) is not entered or the high-weight is scratched at scratch time.

Code of Conduct

As a condition of license all NSA licensees are expected to conduct themselves in a manner consistent with the best interests of racing. Any conduct deemed to be detrimental to the sport, the NSA, or the individual race meets and their representatives will subject the offender to a fine or suspension, or both, in accordance with the NSA Rules of Racing.

Waiver Claimer

At the time of entry into any NSA steeplechase claiming race, the trainer may declare a horse ineligible to be claimed provided:

1. The horse has not started for a minimum of 120 calendar days since its last race; and
2. The horse is entered for a claiming price equal to or greater than the price at which it last started over jumps or on the flat.

Changes

All changes to distance of races or course modifications, including fences, must be reviewed by the NSA Safety Committee and approved by the NSA Stewards Advisory Committee, other than those made by the stewards on race day.

NSA RATINGS SYSTEM 2025

The Handicap Committee consists of NSA Director of Racing Bill Gallo, journalist Joe Clancy, and senior steward Gregg Morris.

To be eligible for any Ratings Handicap, a horse must be entered in the Ratings system at least one week prior to the close of entries of such race.

Ratings will be assigned to hurdle winners, four-years-old and upward, **which have run in three NSA-sanctioned races over hurdles**, providing the committee feels confident that they can properly assess the horse.

Automatic Ratings: Winners of the following races will be automatically assigned a rating.

A maiden claiming winner (\$30,000): **116**.

A maiden claiming winner (\$25,000-\$20,000): **111**.

A maiden claiming winner (\$15,000-10,000): **107**.

A filly/mare restricted maiden winner: **111**.

A maiden starter winner's automatic number corresponds to the claiming price.

Other Policies:

A horse with an official published rating in another country will race on its most recent mark (hurdle or chase), unless the Committee determines that another number is more applicable.

In all Ratings Handicaps, the highest rated horse will be assigned 158 lbs. with all other weights adjusted accordingly based on the current ratings. If the highest rated horse scratches at scratch time on Tuesday, the next highest rated horse will assume top weight and all others adjusted accordingly. In all ratings races, highweights are preferred.

The minimum weight in all Ratings Handicaps will be 140 lbs., not including apprentice allowances. Apprentice allowances may not be claimed in Ratings Stakes.

If a horse runs with an established number, and is entered before a new number is determined, that entry will be considered provisional.

THE 39th ANNUAL SPORT OF KINGS SERIES

The Sport of Kings Series is comprised of all hurdle stakes races, offering premier purses on the NSA circuit. The series was introduced several years ago by former amateur rider and steeplechase promoter George Sloan, whose vision was to create racing opportunities, with lucrative purses, for the “younger” novice horses. It had an immediate positive impact on the horse inventory as well as the overall racing product and was considered one of the most innovative changes in the history of the sport.

Over the years, the Sport of Kings Series was expanded beyond the novice division to include races for maidens. Now, the Sport of Kings Series will shift to an all stakes schedule. For all such designated stakes races, owners pay a 5% fee for any purse money earned. Those monies are held in the Sport of Kings Reserve Purse Fund and distributed, when needed, to enhance purses. The distribution of funds is approved by a committee consisting of the NSA President, the SOTA President and the NSA Director of Racing.

Conditions for the 2024 novice races will be as follows for the spring and summer: **For Four-Year-Olds and Upward which have not won over hurdles prior to March 1, 2024 or which have never won three races, other than three-year-old.**

For the fall novice races, the eligibility date will change from March 1, 2024 to **September 1, 2024.**
