

NSA Official Notices

Thursday, April 10, 2025

Blue Ridge Course Report

The course is ready for riders to view this afternoon. The grass cover is good, and the extra fertilizer spread last month has brightened up the color. Rain is predicted over the next few days; however, the course could use some rain.

Compaction: 102 (good)
Moisture: 5 (average)

My Lady's Manor Course Report

Compaction: 69 (deep)
Moisture: 9 (wet)

Notes: The grass height is at 6-8" and will not be mowed prior to race day.

Licensing

NSA owners and trainers should be aware that all owner's holding a 10% or more interest in a horse must hold an individual owner's license.

Lay Off Reports

Trainers must complete a layoff report for any horse that has not raced for 150 days or more. The report must be submitted prior to entry. This requirement applies to all horses participating in NSA sanctioned races.
