**Other Comments:**

Doris Paxson, the Safety Steward had no issues to report but would appreciate it if the scratches were reported earlier. Emma Cary did a fine job on her first day as Clerk of Scales.

The Clerk of the Course, Brooke Boyer, did another great job of getting the course laid out in an annually changing, complicated, multi equine event use area. There were no fallers, possibly as a result of the new fence rails being very breakable. The alignment of the last two fences should be considered when they are rebuilt next spring.

Respectfully  
Charles Fleischmann
