Shawan Course Report

Turf is in excellent shape following re-seeding last year and a wet spring. The irrigation and rainfall we received this week have helped. The forecast for next week calls for rain showers leading up to Saturday, which we will monitor closely. We anticipate that the timber races will run on the outer course.

Main Track (irrigated)

- Moisture 6-9, average 7.5
- Compaction 100-130, average 115

Timber Track (not irrigated)

- Moisture 6
- Compaction 130-175, average 150
